

Registrar

Liz Murray

In the first week of April we sent out pamphlets to Syndicate/Confederacy and Owners (only) licensees explaining our new registration system. Owners (only) and Syndicate/Confederacy licences will be changed to registered Owners & Syndicate/Confederacy and fees no longer are incurred.

I would like to advise licensees who hold a Syndicate/Confederacy or Owner (only) licence that we will refund the balance of licence renewal fee paid for any period past June 30, 2004.

e.g. A licence renewed for three years in 2003-06.

The refund for both Syndicate/ Confederacy and Owners (only) will be \$88.66.

Credit can be transferred to new licence applications that may be necessary because of the changes or renewals.

The Authority has reduced the fee for Attendant's as from February 1, 2004 for

new applicants to \$20 per year or \$51 for three years.

In the first week of May we will be sending out renewal notices to Attendants, Stud Masters, Owner/ Trainers and Public Trainers whose licences expiry June 30, 2004.

We ask for your assistance by submitting your application for renewal no later than 1 June 2004.

VACCINATIONS

The Authority will introduce compulsory vaccination for litters whelped on/after July 1, 2004. The Authority will require proof of first vaccination, minimum C3, given between the ages of 8 and 12 weeks. Proof of vaccination must be lodged with the application to register litter.

The Authority will provide a notice of vaccination form for this purpose.
