

Greyhound Adoption Program News

WHAT a busy year it has been already, probably the busiest we have had.

We have been out and about at numerous promotional venues with the latest at the Ipswich Show.

GAP attended on all three days of the show with the Thursday being the busiest because it was the Ipswich Show Day holiday.

We gained a few more applications to adopt from this show.

Already it looks like we may be placing another dog in a nursing home which is great publicity for greyhounds.

Also, I would like to thank Selena Zammit who rang to find a home for Max (Bob's Your Dad).

Usually this can take months but Selena had already done the hard yards with Max and had brought him into her home and got him used to living with the cat, other dogs and her children.

It was a breeze for GAP to find him a home and Max now lives at the Gold Coast with a lovely couple who reckon he is the best thing that has happened to them.

Max was a perfect dog for GAP, a lovely calm and gentle dog and when I took him to his new home, he walked in as though he already belonged.

So if anyone ever has a dog that they want to place through the program, you can all help by doing the same as Selena and taking it into your own homes and teaching it to get used to other animals and kids. If everyone worked in together it would really help the dogs get new homes much faster.

Greyhounds proved popular with the kids at the Ipswich Show (left) and Max (Bob's Your Dad) settled in to his new home (below).
