AGRA GREYHOUND RACING RANKINGS FOR AUGUST 2006

There has been a changing of the guard at the top of the rankings for the end of August. The changes were due to the sunset clause kicking in and that brought about the altered positions. A number of points are deducted if a greyhound does not make a group final after a four month period and it is the main reason for the changes throughout the ranks. Dual leaders are Mid City Mandy and Spaulding but with a number of group races scheduled for the next couple of months the rankings could change dramatically by the end September / October. Listed are the top 100 greyhounds ranked from positions 1 to 97 by end August. At this stage of the year 349 greyhounds have scored points from the 66 group races so far decided in 2006.
