### **Max looks more than ready for the Big Time** **After win the SA Derby Final**

Victorian youngster Big Time Max could not have been more impressive with an outstanding win in the Group 2 Coca Cola SA Derby last Thursday night. Sent to the boxes a \$2.30 favourite from box two he made no mistakes leading all the way claiming the rich final in no uncertain terms and in the style of a greyhound with an enormous future.

Since his race career kicked off in June at the Meadows the wraps on the young black dog were big and perhaps he started a little disappointing finding trouble in running in a few of his early starts. However in August a win in the heat of the Cranbourne Puppy Championship in 30.39 followed up by an all the way victory in the final in a fast 30.24 stamped him as a class act.

He arrived in Adelaide to take on his own age as one of the front runners for the series and just got better as it went on. Big Time Max was runner-up to Thierry Bale in his heat beaten a half length in 29.76, came out last week to lead all the way from box seven in 29.48. He then blew them away in the final recording 29.39 after sections of 4.48 and 16.72. Crossfire Bale (\$11.70) tried hard and chasing the leader for most of the trip but was no match beaten seven and half lengths with Grandin Bale (\$15.20) third, nine and three-quarters from the winner. Both placed runners were from the Andrea Dailly kennel, who in a master training performance had no less than four finalists.

I spoke with a delighted owner-trainer Engin Gemci after the win and asked him if he was confident going into the final. "I thought if he begun well he would be hard to beat and as it turned out he flew the boxes. He's not a bad beginner and both times in the Group races he has begun exceptional well, particularly last night. It was a good draw for him as he always looks for the rails I don't think we have seen the best of him yet he still lacks experience and needs some more time. He has only had 14 starts and I reckon it takes 15 to 20 for them to get better in fields." Gemci said.

Gemci purchased Big Time Max from breeder Nick Janjic for \$20,000 as an unraced 17 month old pup. Janjic raced his sire Big Daddy Cool and still has the dam Lil Bit Loony at home.

“ You take a bit a punt that they will race okay in fields and they can improve with age but it's still a gamble but he has turned out sensational I'm over the moon. He had trialed around Geelong and run about 25.76 so there was no doubt he could run but as we all know there is a bit more to it than just being able to run time. Actually Nick is as happy as we are he has put Big Daddy Cool on the map as a sire.” Gemci said.

I quizzed Gemci as to his future plans with Big Time Max. "I'd love to think he might be considered for the Top Gun, I honestly believe he is capable of running 29.60 around Sandown. Realistically we will be looking toward the Vic Peters at Wentworth Park as it is another age restricted race which is good for him at this point in time. Following that I would certainly be contesting the Melbourne Cup with him, who knows he might be capable of doing a Closing Argument he will have had the same sort of lead up." Gemci concluded.

After the placed runners the field finished in the following order 4<sup>th</sup> Buttsie Bale (\$17.00), 5<sup>th</sup> My Koombooyana (\$39.60), 6<sup>th</sup> Side Affects (\$33.40) 7<sup>th</sup> Bentley Bale (\$7.20) and Cromlah Bale (\$2.90)

Big Time Max is raced and trained by Engin Gemci he is a Black dog whelped November 2004 by Big Daddy Cool from Lil Bit Loony (Prince Of Tigers x Loony Louise). Big Time Max has won six of his 14 starts and has been placed on five occasions and with the \$20,000 first prize for the Derby it took his current stake earnings to \$40,030.
